Education

MAPUA UNIVERSITY [Current]

BS Computer Science, Data Science. 1.3760
President's Listers, Dean's Listers

Makati, NCR
October, 2025

PATEROS CATHOLIC SCHOOL

Senior High School, STEM Strand.
With Honors

Pateros, MM
June, 2022

Experiences & Projects

Web Application - [epub-reader]

Personal Project [Full-stack Developer]

- Designed an epub_reader full stack web application which enables users to add, delete, update, and read epub books on the web.
- Handled authentication, database management, backend logic, and frontend design.
- Tech Stack: Nextjs, Sanity, and Supabase (Storage Buckets).
- Github repository: https://github.com/hyde-mary/epub_reader

Web Application - [Mentor Match]

Team Project [Full-stack Developer]

- Created a Tutor-Student matching service intended to address Mapua University's Peer Tutoring application system.
- Collaborated with a team of 5 developers contributing to both the authentication, database, backend logic, and some frontend design.
- Tech Stack: Nextjs & MongoDB
- Github Repository: <https://github.com/hyde-mary/mentor-match>
